BONNE ANNEE 2000

News From The:

Betsylew Miale-Gix has finished tabulating the USBA election ballots. Effective immediately, the new USBA board of directors includes:

President Chet Snouffer
Vice- President Fred Malmberg
Secretary Betsylew Miale-Gix
Treasurer - TBD
Director - Eric Darnell
Director - Larry Ruhf
Director - Pat Steigman
Director - Billy Brazelton
Director - Keith Mullinar

A unique and extremely innovative product, the BOOMERANG TEE, has received a National Award as one of the best new promotional products in North America! This "2 Custom Products in a 1" package comprises a quality 100% cotton T-Shirt, custom imprinted with your design, then compressed into the shape of a boomerang, and shrink wrapped together with a custom imprinted miniature Australian wooden boomerang. The complete package measures just 9" long x 3/4" wide x 1 1/4" thick!! Detailed product features/prices are available on the company's website at: <http://www.creativesynergy.net>

The 16th Annual X-Mas/New Years Tournament - January 1, 2000

by Michael Gel Girvin

The first boomerang tournament of the new millennium went off without any Y2K problems. The 16th Annual X-Mas/New Years Team Gel tournament started on December 31, 1999 with a dinner party and then ended with a millennium-to-millennium throw at midnight. With glow-in-the-dark boomerangs many of the boomerang enthusiasts made throws and catches with their booms suspended in the outside air for an entire millennium. That is a new MTA record that many boomerang friends around the globe now share.

The following day, January 1, 2000, 23 throwers from the West Coast and Canada gathered at Billy Martin Field in Oakland, California to play team boomerang games and G-L-O-R-P. It was a glorious day that provided lush green grass, 55-degree weather and 2-5 MPH winds. The boomeranging new year revelers divided into three teams and played Team Hackuracy (hacky your boom to the accuracy bulls-eye), Team Hacky Catch (one team member throws and the others hacky between each other before catching), Team Whoa Nelly (Australian Round with trick catches), Team Super Catch and Round Rang Relay. Each team created a team name before the fun began. Team Not Yett, Team DAR (Rad Backwards), and Team Remainder RFX2K graced the friendly skies all day with their boomerangs. The recurring highlight throughout the day was the sight of all the novice throwers putting out great effort, which seemed to always result in big smiles. The second-to-last event, G-L-O-R-P, was greeted with 20 MPH. London Hoft managed the big wind with his Bellen Wind Dancer to take the G-L-O-R-P title. The last event was the Awards ceremony. Many "January 1, 2000" hand-etched boomerang prizes as well as awards were handed out to the millennium boomers. The post last event was held at the neighborhood Ethiopian restaurant where hungry boomerangers ate good food.

See you all next year at the 17th Annual X-Mas/New Years Funtest!

As a special introductory offer, readers of Boomerang News will receive a 15% discount on list prices, on all orders confirmed by 1 April 2000. For more information, fax Glen D'Souza at: (805) 526 1938 or email Glen at: Create-syn@aol.com or write to:

Sue Caldwell, daughter of the recently deceased Ed Caldwell, publisher of Kelly Sagert's book "About Boomerangs - America's Silent Sport" is selling the remainder of the books for \$10 each. Contact Sue at 440-327-4641.

Chris Cotter has made a special offer to the boomerang community. He has agreed to make up to ten custom-made boomerangs in any material for the first ten people who contact him with 100% of the proceeds going to the Mayfield Memorial fund. Chris' boomerangs have been reviewed in BN and they are top notch. Please email Chris at slx@earthlink.net for more information about this special offer.

Dan Neelands found a 1998 reprint of Bernard Mason's Primitive and Pioneer Sports that comes with a CD. Look for ISBN 155888212X by Omnigraphics.

AUSTRALIA

Zoran Jarnovic (Slovenia) received a recent email from Philip Jones, the traveling curator of the fabulous South Australian Museum collection. The exhibit is currently on tour in Europe. It is due to open at the Musée du Malgrè Tout in Treignes, southern Belgium, at the end of January, before moving to Imola in Italy in July, then to Utrecht in Holland and then possibly to France and Finland. Plans are to

Multiple Faces on Boomerang Elbows by Suncook, New Hampshire Artist Pat Cardiff

bring the display to Slovenia in 2001. This is a fabulous exhibit for those who are fortunate enough to see it.

Morris Maxwell has released a schedule of events for the 2000 Boomerang World Cup which will take place from 5-13 February. If you have questions regarding the schedule, you can contact Morris through Paul McKenna's email address: pmckenna@melbpc.org.au

Saturday 5th - Registration, accommodation allocation and venue familiarization. Official welcome followed by preliminary meeting of the WBA and a briefing of competitors with details of the tournament.

Sunday 6th - Team events for the World Cup commence at 0800 hrs. Official opening to take place at 1000 hrs.

Monday 7th - World Cup Team events. WBA meeting in the evening.

Tuesday 8th - World Cup Team events.

Wednesday 9th - Indoor competition and buffer day in case of delays in team events. Presentation event for the World Cup.

Thursday 10th - Individual events.

Friday 11th - Individual events. Presentation for individual events.

Saturday 12th - Rest and tour day. Party night. Barbecue and night display.

Sunday 13th - Gel day and closing ceremony

Morris would like to know if anyone is interested in a hot air balloon flight which would take place very early one morning - maybe on the Wednesday or Saturday. Cost would be less than \$190 (Australian) depending on number of people interested.

David Schummy has asked for all visitors to the 2000 World Cup to email their flight details and ar-

rival time to:

fixa@powerup.com.au or ph/fax
Bruce Carter at + 61 3 9300 2374

. Bruce, Roger and David are running three shuttles to and from the airport the week prior to the world cup. You will be collected no matter what the hour or airline.

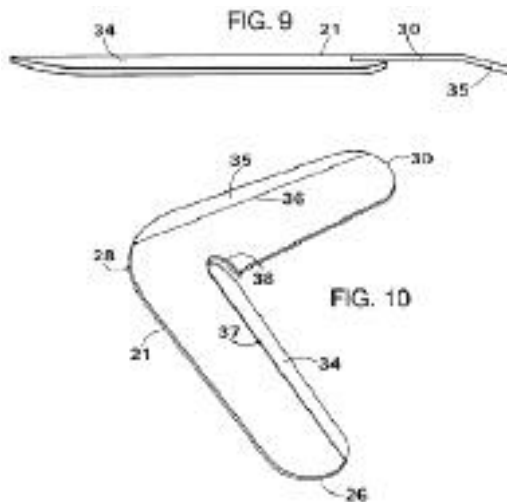

Please call Bruce when you arrive in Melbourne. Home: 9300 2374
Mobile: 0410 47 2006 As a back-up please call Morris Maxwell (+61 3) 9739 1809 or Rob Croll 9887 5085

Bruce Carter has extended an open house for the week prior to and after the world cup.

BRAZIL

Jorge A. Canale, owner of Arqueria Canale is a former hunter, guide & professional soldier, who makes a living making and selling primitive weaponry like atlatls, crossbows, bows, slings, slingshots, boomerangues, and blowguns. He speaks English, Spanish, Italian, French, Germany, Arabian and Portuguese. You can call him at +55.11.222.6284 or email him at: jrja@wm.com.br or write to:

Boomerang and Launcher International Patent # 09964118

COLOMBIA

Camilo Lopez has set the dates for the next Air Party as 5-16 October 2000. You can be sure than Steve Kavanaugh will attend this marvelous South American event with boomerangs, frisbees, kites, etc. There is always room for another thrower. Please contact Camilo directly through his email at: ecosport@latinmail.com

GERMANY

The Germans have selected the throwers for the three German teams who will participate in the 2000 World Cup: The "Young Guns" team will include: Torsten Fredrich, Fridolin Frost, Gerrit Lemkau, Günter Möller, Harald Steck and Oliver Thienhaus. Team "Knochen" will have Axel Heckner, Alexander Opri, Oliver Rau, Michael Siems and Thomas Szartovicz. Team "No Mercy"

will include: Paul Gajski, Hans Georg Hoffmann, Stephan Matthias, Christian Meyer, André Müller and Sascha Winkler.

Australia will have a spectacular pavilion at Expo 2000, to be held in Hannover, Germany, from 1 June to 31 October next year. The name of the Australian exhibit is "From boomerang to bionic ear" so look for a good display.

ISRAEL

Congratulations go to David Ben-Hador who was issued an international patent #09964118 on 16 December 1999 for a boomerang and launcher. You can contact the inventor at:

David Ben-Hador
Refidim Street 24/4
Maoz Aviv, 69982

Christmas Seals with a Boomerang Theme from Australia (from Br. Brian Thomas)

JAPAN

With a help of Local Recreation Associations and Governments, the JBA has increased the JBA membership to over 500 throwers. The JBA offers boomerang lessons using Air Dancers to the public twice each month. Recently, the group introduced boomerang throwing to physically handicapped and retarded people. About 100 people using wheelchairs, crutches or were under special care took part in the event. The event was a big success with everyone having the time of their lives.

WBA

It has been four years since the NZ World Cup when a committee was elected to formulate bylaws for the organization. This document is now complete, thanx to the help of several dedicated contributors like **Heikki Niskanen** who organized a committee to blend all of the suggestions into a viable working document and to **Kelly Croman Neelands & Betsylew Miale-Gix** who contributed their legal talents to add further improvements. The document has gone through it's eighth revision and will be available for review by the throwers at the 2000 World Cup. **Morris Maxwell** has set aside the evening of 7 February for a WBA meeting where the throwers can vote on the proposed document. If not too many revisions are required, the throwers will be able to vote on a board of directors, so think of some good administrators who would be viable contenders for these important elected positions.

IN CLOSING

This is the last issue of Boomerang News that I will edit. Andy Cross of Calgary, Canada has expressed an interest in assuming the position of editor of Boomerang News. After the WBA meeting in Australia, the WBA Board of Directors can vote on Andy's proposal. I personally welcome Andy's interest in this position and will offer all the support I can to keep Boomerang News a viable publication. As for myself, I will become the editor of the USBA publication, Many Happy Returns, for two years, beginning with the Spring 2000 issue. My editing style is different from that of Tony Brazelton, the outgoing editor of Many Happy Returns. As the new MHR editor, I will try to blend the content and writing style that you have seen in Boomerang News with the requirements for a

publication that is specifically targeted to the USBA membership. There will be more of an emphasis on USA competition activities, but I will still summarize what happens around the world and try to add additional material with a focus on boomerang science, collecting, history, craftsmanship, and more. I do need the help of the BN/MHR readership to submit material for publication. MY address as editor of MHR is listed at the end of this page. If you are on the BN newsletter exchange program, please continue to send copies of your exchange publication to me and I will make sure that a copy of MHR is delivered to you in exchange.

Boomerang Auction #9 (Spring 2000) will begin on 15 February with the listing of all auction boomerangs on the WWW. A total of 200 boomerangs have already been received and are being cataloged at the time of this writing. There are some wonderful things in this auction, including collectable boomerangs made by Jim Mayfield, the Janetzki brothers, Herb Smith, Bob Burwell, Bunny Read, Joe Timbery. One choice item includes an authentic 4 page handwritten essay by Herb Smith about how he became interested in boomerangs. There are a large number of finely crafted natural elbow, strip laminated, and lap joint boomerangs; art booms by Pat Cardiff and Alan Scott Craig; competition boomerangs including LD models by Manuel Schütz and the last 9 MTAs that will ever be made by Jonas Romblad. A large number of boomerangs have

Jim Mayfield - 1994

been donated to the Jim Mayfield Memorial fund that will go to benefit Jim's wife and 4 children. Donations include everything from a Herb Smith boom to early Mayfield models and specially crafted replicas of Mayfield models or in one case, bearing the image of Jim on the boomerang. Colorado Boomerangs has made a really great special edition laser etched boomerang that auction bidders will be able to purchase for \$30. The profits from this sale will be donated to the Mayfield Memorial fund. The Boomerang Auction web page is located at: <http://www.flight-toys.com/boomerang/auction.htm>

The distribution of BN currently stands at 175 USA and 68 overseas subscribers. The editor for Boomerang News issues #1 -> #60 was:

The Annual Turkey Toss - Livonia, Michigan - 4 December 1999

On December 4, eighteen enthusiastic throwers converged upon Livonia, Michigan, to participate in the famed Norm Kern Memorial Turkey Toss. Due to heavy travel schedules, the event was postponed one week from its traditional day-after-Turkey Day date. The weather cooperated nicely, morphing from a cold and damp start to a balmy day with occasional sunshine. Participants this year came from Michigan and Ohio.

As usual, this year's turkey toss was heavy on the kylie competition, with three events, to the single returning boom event, won by an ever-modest Ted Bailey. The goal of the distance event is to throw as far as possible, but the rest point must be within a 15 meter lane. Broadbents took the first two places in this event, using high altitude kylies which will never, in this or any other life, do damage to any creature lacking wings. The author took a close third place with an authentic Norm Kern manufactured rabbit stick. Top distances were not measured, but were probably in the 130 meter range.

The accuracy event ("You Miss - You Out") now utilizes an ingenious "Kylie Ketcher" designed by Michigan's Tom Luczycki. Frustrated in years past by targets which were quickly destroyed under the onslaught of accurately thrown kylies, Tom invented a compact and light-weight flexible tension-style device which remains relatively unharmed after two years of use. The few heavy and hard-thrown sticks which do actually manage to penetrate the device, do so unharmed, and are greatly slowed. This event starts with throws at the five-foot square target from 20 meters, and progresses to the winning distance in 10 meter increments. John Whitehead prevailed in this event with the only hit from 50 meters.

The climax of the tournament is called "Waki-Klak" for no particular reason other than it sounds cool and vaguely Australian when a whole bunch of people chant it together. This event involves simultaneous throws by all participants from 30 meters at the hapless turkey, which is has precisely the same mass and inertial properties as the regulation 5-gallon plastic paint bucket specified in the official 400 page-long rulebook, if not quite the regulation shape. This year's target was rated as "uglier than average" by polled contestants, but served admirably in the category which counts the most... disintegration capability. Numerous contestants scored direct hits, including first-time thrower Kay, but "horseshoe" points were also awarded for near-misses. Gary Broadbent won with 4 hits (Wakis) and 9 accuracy (Klak) points. Norm Kern took second with 2 Wakis and 10 Klak points. Tim Davis took third with 2 Wakis and 3 Klak points.

Top three overall finishers were Gary Broadbent, John Whitehead (who had never heaved a throwstick before), and Jim Sprague. Logan Broadbent graciously surrendered the 1st place junior division trophy to 2nd place finisher Kent Sprague in return for a promise to have his last year's trophy epoxied back together. When asked later by his mother who had won 1st place, Kent replied "the other kid."

As always, many booms were tossed, a Turkey facsimile died a gruesome death, and a grand time was had by all. A special thanks from all who were at this and previous events goes out to Norm Kern who has graciously given of his time and considerable talent to promote boomerangs and friendships over the years. Norm is stepping back a bit from his previous participation levels to concentrate on other interests, but both the events he began as well as the booms he has made will continue to return for years to come. - *Jim Sprague*
